LRPD Police Chief:

The staff and students of Southwest would like to express our appreciation for the support and participation of Officer Paul Evans and Officer Jason Harris in our annual career day activity. Their K-9 demonstration was great. Several comments were made regarding their friendly personalities and their outstanding presentation. In fact, other participants felt that they could not compete with the K-9 demonstration.

We appreciate the support of your office in allowing Officer Evans and Harris to participate in this activity. It was very informative and motivating.

Sincerely,

A handwritten signature in cursive script that reads "Myrtle D. Evans".
